

Kingdom of Avacal College of Heraldry
Kingdom Submissions Letter of Decisions
December 16, 2019

Greetings to the Avacal College of Heraldry from HL Arwyn of Leicester, White Wyvern Herald, Kingdom of Avacal Submissions.

The following submissions will be forwarded to Laurel on the Avacal external letter dated 2019-12-21 and were taken from the Avacal KLols of 2019-12-16.

Forwarded to Laurel Sovereign of Arms:

1. Asa Bjartmarsdottir -New Name and New Device, *Sable, a Bengal tiger argent striped sable between three Thor's hammers and a bordure argent*

- Removed the Å symbol with the o-circle from above the first letter of the first name as it does not appear prior to the 16th century. We have adjusted the emblazon (words) to Sable, a natural tiger rampant argent striped sable between three Thor's hammers and a bordure argent to reflect the emblazon (picture). The picture remains the same.

2. Karina de Elephantide - Resub Badge, *per fess gules and vert, a sea-elephant maintaining in its trunk a coronet argent.*

3. Marina Teresa Camite -New Device, *Gules, a swallow bendwise OR.*

4. Ragnall Crannog – New Name – Philipp of the Lakes.

- Adjusted the capitalization of "PHILIPP OF THE LAKES" to a mixed form "Philipp of the Lakes" because all capitals are not used in period for names.

The following submissions were returned for further work:

Philipp of the Lake – New Device, *Per fess engrailed argent and vert, a mallet bendwise sinister Or, a bordure embattled sable.*

- Although the background is considered to be neutral, the largest portion of what identifies the hammer as a hammer is mostly on the argent (white) field. This makes it difficult to identify the hammer. Also, we would like to note that the hammer is not a Thor's hammer but just a normal one.
- For the redesign, two slight modifications are suggested. 1) Either the hammer can be drawn with the working head on the bottom on the diagonal. This moves the head onto the vert (green) portion on your background. This eliminate the issue of contrast. 2) Alternatively, you can leave the hammer the same way as it is now and swap the background colours. So, the vert (green) will be on the top and the argent (white) will be on the bottom.

The following submissions were still pended until next meeting:

Robert Gunn – New Device, *Argent vêtu ployé vert, a delf ployé gules.*

- Pending Blanket Permission of Conflict to be submitted through the Kingdom of Ansteorra.
