The following submissions were returned for further work:

None.

The following submissions were still pended until next meeting:

1. **Avacal, Kingdom of – New Badge, *Quarterly argent and Or, a bow gules, a chief sable.***

The submission had the proposed award badge on a roundel (circle) on our square forms. We have a long precedent that does not allow this. We understand from communications from the submitter and Their Majesties of Avacal that this was not the intention but what appeared on the roundel (circle) was to be the badge. A redraw was sent but the approval was not received before the closing of this letter. The redraws will appear on the next kingdom letter.

2. **Avacal, Kingdom of – New Badge, *Quarterly argent and Or, a drum gules, a chief sable.***

Also the form had the buckler (roundel) that was not filled in the centre and it looked like annulet (a donut). We did not feel that this was the expectation based on the associated name. We corrected this on the the redraw that was sent.
