ADDENDUM LETTER
November 29, 2015

Greetings to the Avacal College of Heralds from HL Rowyn Arden the Bard, Kingdom of Avacal Submissions Herald.

This is a November Addendum letter to address the Pending status of the submission for Taletta of Circle Hill.

The following submission will be forwarded to Laurel on the Avacal external letter dated 2015-11-30 and are taken from the Avacal KLoI of 2015-10-17

The following submissions were Forwarded to Laurel Sovereign of Arms:

1. **Taletta of Circle Hill** – New Name. Forwarded with additional emails from the submitter for her documentation.

The following submissions were Returned for further work.

1. **Taletta of Circle Hill** – New Device. *Quarterly purpure and vert, a triskele argent, inverted.* Conflicts with Kingdom of Trimaris (Order of the Triskele of Trimaris) "Azure, a triskele argent." This is one of their kingdom awards/orders.
2. **Taletta of Circle Hill** – New Badge. *Argent, a triquetra gules, inverted and a triskele purpure entwined, within an annulet vert.*

Not reproduceable. The charges are hard to tell apart, and I doubt whether "a competent heraldic artist" could be relied on to reproduce this "with only normal heraldic variation." As SENA A.1.C says:

C. Reproducibility: We require that the emblazon be describable in heraldic terms. This means that the submitted emblazon must be reproducible by a competent heraldic artist, with only normal heraldic variation, from the written blazon. Designs which depend on careful alignment of items in a way that cannot be reliably blazoned using standard period heraldic terms will not be registered.

The following submissions were Pended from Kingdom of Avacal.

None.
